

Report of the President

Ben Coleman | president@utsu.ca

Orientation Outreach

Along with other Executives, I participated in outreach during Orientation at the following events as well as helping with the UTSU orientation events:

- Victoria College, Sept. 7 (Learning the Frosh Dance)
- Innis College, Sept. 7 (Varsity Blues Football Game)
- Woodsworth College, Sept. 9 (Block Party)
- Faculty of Nursing, Sept. 10 (Mixer Breakfast)

Material distributed at these events promoted the UTSU health and dental plans, registering to vote in the upcoming federal elections, as well as other UTSU campaigns. Although we regret not being able to get to every college or division during orientation week, we will continue to try to connect with students from across our membership. Special thanks to Jasmine for helping with scheduling!

Library Advisory Committee

After soliciting applications and spreading the word to other divisional leaders, the Executive Committee has picked its representatives to the Student Library Advisory Board. This group is an important forum for students to give feedback or submit ideas to improve the UofT library system. Our nominees, who are all enthusiastic and passionate about libraries are the following:

- Vere-Marie Khan (VP University Affairs)
- Melanie Kane-Mclees
- Brianna Chan
- Mohit Verma

AGM Proxy Forms

As the UTSU's legal liason, I have spent a lot of time in the last couple of weeks researching and providing advice to staff on how to ensure that our proxy system complies with the regulations in the *Canada Not-for-Profit Corporations Act*. The Executive have tried to ensure that the system is as secure and accessible as possible, while working within existing logistical constraints. For more information on the rationale behind the structure and distribution of this year's proxy forms, please email me at president@utsu.ca.
